1 pack (12 sheets)	Setup Sheets Included	2 packs (24 sheets)	2 packs (24 sheets)
15" wide (38cm)	Max Screen Clamp Width	15" wide (38cm)	Press specific
N/A	Use with Side Clamps	Yes (Must be specified)	Varies

Features

- FAST** Register single and multi-color jobs in a fraction of the time to start printing quicker.
- USER FRIENDLY** Takes the guess work out of lining up your positives on the screen.
- UNIVERSAL** Works with any exposing unit, screen, rear clamp manual press [15" (38cm) maximum clamp width] and most side clamp presses

How it Works

1. Attach your positives in register to setup sheets using an alignment grid backdrop.
2. Locate and attach your positives in register to your screens, using the Vastex pin board with screen stops.
3. Burn all your screens in register with any exposing unit.
4. Accurately locate and clamp each screen onto your press using the Vastex pallet jig or VRS LITE board.
